DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of Figures 1 and 3-4 with Figure 2A in Paper No. 6 is acknowledged.
2. Claims 6-8, 16-18 and 23 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in Paper number 6 and the claims readable on the elected species were specified in an interview on 7/8/03 with Rodney Warfford.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1, 2, 9, 11 and 12 are rejected under 35 U.S.C. 102(b) as being anticipated by DiVito.

DiVito discloses the claimed "toy" vehicle as broadly as recited including a chassis and a plurality of interchangeable stylistically different vehicle body modules including front and rear modules. DiVito includes accessories such as tires and bumpers removably secured to the vehicle. Also, in Figure 10, a press fit, interlocking coupling between the chassis and the body modules is shown.

Allowable Subject Matter

5. Claims 3-5 and 10 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
6. Claims 13-15 and 19-22 are allowed.

Conclusion

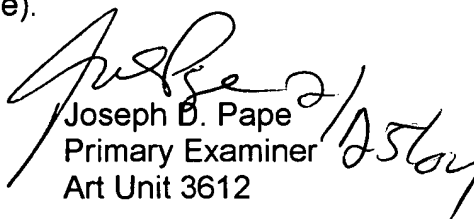

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The cited references show other interchangeable body modules similar to those of the current invention.
